

Our Archives:  
Celebrating Diversity in Wales

Ein Harchifau:  
Dathlu Amrywedd yng Nghymru

Welcome to the 'Our Archives' project, an initiative that aimed to foster dialogue, inclusivity, and representation within Welsh communities. This project was dedicated to addressing the gaps in archives that impacted marginalised communities in Wales, with the goal of weaving a more balanced

narrative that reflected the rich tapestry of People of Colour and diverse communities in Wales.

The core objective of 'Our Archives' was to engage with underrepresented communities through a series of six dynamic and interactive workshops. These workshops, served

as platforms for diverse voices to express themselves through various artistic styles and mediums. The result of these workshops was a body of work that captured the thoughts, stories, and lived experiences of those often marginalised.

This collection would be a testament to the vibrant spectrum of the Welsh population, ensuring that the historical narrative was more inclusive and reflective of the diverse contributions that shaped and sustained our Nation.

The resulting body of work from the workshops will

be curated and preserved as part of a new community archive within archive repositories in Wrexham, Aberystwyth, and Cardiff.

We would like to take the time to thank all Collaborators:

We would like to specially thank SSAP, Race Equality First, Grangetown Pavilion and Tŷ Pawb for providing invaluable community knowledge and nurturing safe spaces.

We would also like to thank Ceredigion Museum, St Fagans Museum, Cardiff University Special Collections, Archives and Records Council Wales, Wrexham Archives and The National Library of Wales for all their support

Funded by the Welsh Government Anti-Racist fund.

Croeso i brosiect 'Ein Harchifau', menter oedd â'r nod o feithrin deialog, cynwysoldeb, a chynrychiolaeth o fewn cymunedau Cymreig. Roedd y prosiect hwn yn ymroddedig i fynd i'r afael â'r bylchau mewn archifau sy'n effeithio ar gymunedau ymylol yng Nghymru, gyda'r nod o wau naratif mwy cytbwys sy'n adlewyrchu tapestri

cyfoethog Pobl o Liw a chymunedau amrywiol Cymru.

Amcan craidd 'Ein Harchifau' oedd ymgysylltu â chymunedau heb gynrychiolaeth ddigonol trwy gyfres o chwe gweithdy deinamig a rhyngweithiol. Roedd y gweithdai hyn yn llwyfan i leisiau

amrywiol fynegi eu hunain trwy amrywiol arddulliau a chyfryngau artistig. Canlyniad y gweithdai hyn oedd corff o waith a oedd yn cofnodi meddyliau, straeon, a phrofiadau bywyd y rhai sydd yn aml ar y cyrion.

Bydd y casgliad hwn yn destament i sbectrwm bywiog poblogaeth Cymru, gan sicrhau bod y naratif hanesyddol yn fwy cynhwysol ac yn adlewyrchu'r cyfraniadau amrywiol sydd yn llunio a chynnal ein Cenedl.

Bydd y gwaith sy'n deillio o'r gweithdai yn cael ei guradu a'i gadw fel rhan o archif gymunedol newydd mewn archifdai yn Wrecsam, Aberystwyth a Chaerdydd.

Hoffem gymryd y cyfle i ddiolch i'r holl gydweithwyr:

Hoffem ddiolch yn arbennig i SSAP, Race Equality First, Pafiliwn Grangetown a Thŷ Pawb am ddarparu gwybodaeth gymunedol amhrisiadwy, a meithrin manau diogel.

Hoffem hefyd ddiolch i Amgueddfa Ceredigion, Amgueddfa Sain Ffagan, Casgliadau Arbennig Prifysgol Caerdydd, Cyngor Archifau a Chofnodion Cymru, Archifau Wrecsam a Llyfrgell Genedlaethol Cymru am bob cefnogaeth.

Ariennir gan gronfa Gwrth-hiliaeth Llywodraeth Cymru.
